

3-5 Year Olds

In each preschool class, we guide your child's curiosity through interactive activities centered around Bible stories to help them find out who Jesus is.

Top 5 Things You Need to Know

1 The Service Experience

Preschoolers love to discover new things! That's why we provide fun, interactive learning experiences in an engaging atmosphere where your preschooler can learn about Jesus in bite-sized pieces each week! Your child will be introduced to small-group-style teaching, where a leader will help them engage in the lesson and with other kids. We believe a consistent class is best for preschoolers, so we encourage you to attend the same service each week. It's the best way for them to make friends and build a relationship with their small group leader.

2 What to Bring

You may bring diapers, pull-ups, and extra clothes to class if needed, but due to known and unknown allergies, we ask that you please keep diaper bags, backpacks, and all other food and drink items with you. To avoid personal toys getting broken, we ask that you hang onto them during class. If a comfort toy, blanket, or a sippy cup (water only) is needed, let one of our volunteers know, and we will make an exception!

3 Bathroom Breaks?

Even though we will look for every sign from your preschooler that a bathroom break is needed, we do still ask, that you take your child to the restroom before dropping them off to prevent an accident. If your child has an accident or asks to go to the bathroom during class, we will have two approved adult females with background checks assist with a bathroom break.

4 Wellness

We care about the health of your child and the other kids too! Therefore, we ask that all kids who are experiencing a fever of 99.8 or above, vomiting, or have started taking an antibiotic within the last 24 hours not come to class on that day. Additionally, we thoroughly clean and disinfect all classroom items regularly.

5 Take It Home

We believe that the best and most clear image of the real Jesus a child can see should be in their home. Each week we provide resources to cue parents on what story we covered, what teaching emphasis was highlighted, and what discussion was started in small group so that parents can continue the conversation at home with their kids. You can find all of this on our YouTube Channel at [youtube.com/kidsonthemove](https://www.youtube.com/kidsonthemove).
